RENAISSANCE AT COLONY PARK

COCK OF THE WALK

BILL WALLER CRAFT CENTER

ARRIVE

in Ridgeland and stop by the [Ridgeland Visitors Center](#) located in the beautiful Renaissance Shopping Center. You'll be greeted with the friendliest "Welcome", learn more about the area, and maybe even receive a bag filled with Ridgeland goodies.

EXPLORE

shopping like no other when you step right outside the visitor center doors into the Old World style of the [Renaissance at Colony Park](#). Renaissance sets architectural artistry against lavish landscaping, including water features, sidewalk cafes, and an inviting village center. From local and high-end boutiques, outdoors and sporting shops, and the only Apple Store in the state, the Renaissance has something for everyone to enjoy.

ENJOY

lunch with a view on the shores of the [Barnett Reservoir](#), 33,000 acres of glistening waters. Take your pick of two local favorites, [Cock of the Walk](#), with its famous golden fried catfish, old riverboat era atmosphere, and cornbread flipping entertainment or [Pelican Cove Grill](#) with its signature cool drinks, hot eats, big screen TVs, and lively back deck with a perfect view of the water.

LEARN

a craft with the Craftmen's Guild of Mississippi operating out of the [Bill Waller Craft Center](#), a sleekly modern and inviting facility nestled in the lush trees of the Natchez Trace Parkway. Try your hand at batiking, calligraphy, pottery, stained glass or wire wrapped jewelry. Carve your own masterpiece in the power carving class, or create fish fly ties so beautifully eye-catching they're often used as Christmas ornaments.

HEAD

to your next destination with all your treasures and experiences. We hope to see you back real soon!
